- 6. At a meeting
- 7. Internal communication
- 8. VANL
- 9. e-mail

**Did you find the event interesting and / or useful?**

Yes                    18  
No                     0

### **If Yes, what was the most interesting and / or useful part?**

1. Being made aware of the changes and how they will affect us all
2. Questions & answers
3. Information exchange
4. Interesting to catch up with current situation regarding health services
5. 5 people stated - discussion with other attendees
6. 3 people stated - workshop discussion
7. Discussions
8. Lots of views
9. 3 people stated - Question time
10. Different groups working together

### **And why did you find this the most useful part?**

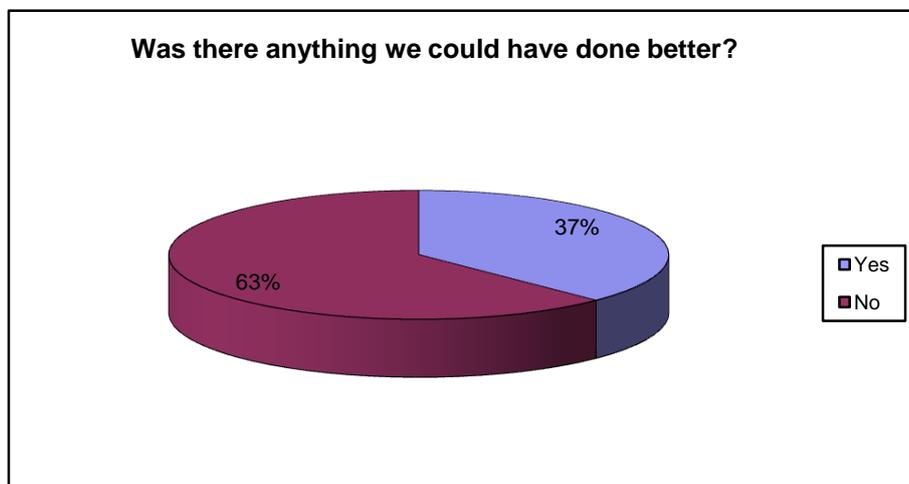

1. I will be able to pass on some of the information to others
2. Gained more of an insight into health aspects
3. Contacts made
4. Because it brought up other concerns and ideas
5. Highlighted the need for getting out in the community to inform about integration
6. 3 people stated - To gain other views, professional and public
7. Useful discussions
8. Everyone had the opportunity to participate
9. Able to put forward views
10. Raised a number of sticky issues
11. Know about health trainers
12. Eye opener
13. Wasn't sure that different groups were working together
14. Assist in my role

### **If No, what would you have liked to have seen and heard?**

There were no comments recorded on any of the evaluation forms

**Was there anything we could have done better?**

Yes	6
No	10

**If Yes, what could have been done better?**

1. 6 people stated - More of the public to attend
2. Needed more non professionals
3. Prompt questions did not match the content and audience

**Any other comments?**

1. As a member of the public, it was a good opportunity to give the point of view of a service receiver and I felt that our comments were listened to and taken note of
2. Publicity could be improved to attract public participation
3. Backdrop irritating as changing pages too fast to read
4. Not expecting to attend a consultation
5. Although a professional, I was not on the mailing list
6. How "public" was the invitation
7. People are positive about integrated care
8. Significant issues to be addressed in relation to integrated services i.e. transport
9. 3 people felt the event was well organised
10. 2 people thought it was a good venue
11. Hope that all proposals come to fruition
12. Excellent, well done
13. Much better venue than Baths Hall, Scunthorpe
